STAT

SUBJECT: Briefing Materials for Conference on Structural Change

1. Attached for your review is a copy of the briefing book for our 3-4 June conference on Economic and Security Implications of Structural Change.

2. Subject to your concurrence, we plan to send copies of the book to all conference participants this week. This should help focus discussion at the conference, by giving both speakers and invited guests an opportunity to preview the full range of topics to be discussed and related background information.

3. Also subject to your concurrence, copies of the book will be distributed this week to invited Agency participants. The books for the DCI and DDCI will contain suggested talking points for their opening and closing remarks, respectively.

4. In view of the widespread interest in the conference—expressed in recent weeks by many more people than we are able to accommodate—we have arranged to have the proceedings videotaped. We expect to have edited versions of the tape together with a complete written transcript available subsequently for distribution to Agency components and to interested policymakers in other US Government departments.

5. Action requested: Your approval of the attached briefing book for distribution to conference participants. To be most effective, distribution should begin by noon tomorrow, 29 May.
